

SANTA ROSA SYMPHONY INSTITUTE FOR MUSIC EDUCATION

Elementary School Listening Program

What is the Elementary School Listening Program?

The Elementary Music Listening Program is a daily, non-directed approach to music listening that can be used school-wide or in individual classrooms.

By joining the Elementary School Listening Program, schools will receive four weekly listening selections along with accompanying English and Spanish scripts to be featured that month. Monthly emails containing digital links to the music and the scripts are sent out the last week of the month for the following month.

Our program is inspired by the original Brummit-Taylor system. One composer is featured each week and one selected work of that composer is repeated each day over the school's PA system, or in the classroom. A prepared script for each day accompanies the musical selection, informing listeners of the name of the composer, the name of the composition, and artistic characteristics of the featured work. The program includes music selections to cover FIVE YEARS of daily listening.

Order Information

To join the Elementary School Listening Program and receive music listening materials for FIVE YEARS, please complete and send in the form on the following page.

Emails containing the music and scripts are sent out the first of the next month following receipt of payment.
